These guys are great! They help us with mobile POS terminals

bluefish RETAIL
Like us, bluefish do POS... this time it's in the Cloud

Really useful stuff:

uniCenta oPOS is an enhanced version of Openbravo POS 2.30 localised for UK, Europe and USA markets (easily re-configured for many other countries) and is a great Point of Sale solution for Bars and Cafes through to Restaurants and Supermarkets.

uniCenta oPOS takes only minutes to install
(check out this video)

Installing uniCenta oPOS
